### 3. Post Office Courtyard –

Consent was sought from Australia Post to create a publicly accessible courtyard in the open space area south of the Post Office site within the Core CBD.

A letter of response to this proposal from Australia Post advised that they were not prepared to accommodate formal public use of this existing space at this time, primarily due to perceptions of increased crime risk.

This proposal for action can be reviewed and considered at a future stage of the Narrabri CBD's development and consequently the proposed courtyard space is included in this alternatives proposal chapter.
