Notes for Completing the Fire Safety Certificate

Note 1

An **Interim Fire Safety Certificate** is required;

- Before an interim occupation certificate can be issued to authorise a person to commence occupation or use of a partially completed building. Or;
- Before an interim occupation certificate can be issued to allow a change of building use for part of an existing building.

A **Final Fire Safety Certificate** is required;

- Before a final occupation certificate can be issued to authorise a person to commence occupation or use of a new building, or;
- Before a final occupation certificate can be issued to commence a change of building use for an existing building, or
- In accordance with a fire safety order given by a Council. A final fire safety certificate must deal with all essential fire safety measures appearing on the current fire safety schedule (see Note 3) subject to the following;

An interim fire safety certificate or a final fire safety certificate need not deal with any essential fire safety measures which have been the subject of some other final fire safety certificate or fire safety statement issued within the previous 6 months, unless the person by whom the development consent, construction certificate or fire safety order is issued or given otherwise determines.

Note 2 - The person who carries out the assessment;

- Must inspect and verify the performance of each safety measure being assessed, and;
- Must test the operation of each new item of equipment installed in the building premises that is included in the current fire safety schedule for the building.

Note 3 - The current fire safety measures are those specified in the fire safety schedule attached to one of the following;

- Development consent for a change of building use in circumstances in which no building work is proposed by the applicant for the consent and no building work is proposed by the applicant for the consent and no building work is required by the consent authority.
- Complying development certificate for the erection of a building or for a change of building use;
- Construction certificate for proposed building work;
- A fire safety order in relation to building premises. The fire safety schedule will specify the minimum standard of performance for each essential fire safety measure.

Note 4 - Clause 283 of the Environmental Planning and Assessment Regulation 2000;

False or Misleading Statements

A person is guilty of an offence if the person makes any statement, knowing it to be false or misleading in an important respect, in or in connection with any document lodged with a consent authority or certifying for the purposes of the Act or this Regulation.
