

Appendix 2 Revenue

2010/11 Revenue

Chapter 15 of the *Local Government Act 1993* (LGA) prescribes that Councils may raise revenue in a number of different ways. These include rates, charges, fees, grants, borrowings and investments. Council is required to set its rates and charges annually and publish these in the Management Plan for the following financial year, which undergoes a 28 day public consultation period before it is adopted by Council.

Ordinary Rates

Section 493 of the LGA prescribes that Council may have four categories of ordinary rate and four categories of rateable land being farmland, residential, mining and business. Council has all four of these categories. These categories can be further sub categorised in accordance with Sections 515 to 518 of the LGA.

Ordinary rates are applied to properties based on the independent land valuations provided by the NSW Department of Lands, which is the Valuer General's Department. Council is required to use the latest valuations received up until 30 June of the previous year for rating purposes in the current financial year. A shire wide general revaluation is undertaken every four years.

In accordance with Section 497 of the LGA the structure of a rate may consist of:

- (a) an ad valorem amount (which may be subject to a minimum amount of the rate), or
- (b) a base amount to which an ad valorem amount is added.

The ad valorem is a cent in the dollar value that is multiplied by the land value to derive the ad valorem amount.

If the use of the land no longer reflects the rating category that has been applied, Section 524 of the LGA states that a ratepayer must notify the Council within 30 days after the land changes from one category to another or make application to Council to have the category changed as per Section 525 of the LGA.

In 2010/11 it is proposed to continue sub categorisation of the farmland category on the basis of irrigability as defined under Section 529 of the LGA. The degree of irrigation on a property is measured by the area taken up by land forming and will include, but is not limited to, land taken up by irrigation fields, channels, module pads, tail drains, roads, water storages, pump sites but excludes floodway. All properties sub categorised on the basis of irrigability must be subject to a water right within the meaning of the *Valuation of Land Act 1916*. This right is measured by Council as any property attracting a Section 6A (3) valuation as advised by the Department of Lands.

Council continues to engage a third party to undertake the measurement of the developed irrigation areas within the Shire. The identification process involves the use of satellite imagery, aerial photos, topographical and parish maps.

Special Rates

Section 495 of the LGA covers the making and levying of special rates. Special rates are to be raised and used for the specific purpose they were levied for. Council has one special rate in 2009/10 being for Tourism, which is levied on business.

Water Charges

Water access charges are levied on all properties connected to, or able to be connected to, Council's water service network. Section 552(1)(b) of the LGA prescribes that Council can charge for a connected water service provided the land is within 225 metres of a water pipe of Council.

Council has adopted a water charging structure based on the following benefit index:

Service Size (mm)	20/25	32	40	50	65	80	90	100
Benefit Index	1.00	1.64	2.56	4.01	6.76	10.24	12.96	16.00

The benefit index is used to calculate the base charge for each service. In addition to this base charge usage charges will apply. For metered services this usage charge will be a charge per kilolitre of water used and for non-metered services this will consist of an additional charge combined with the base charge.

An unconnected service is charged the same base charge as the 20/25 metered service. A landowner must apply and pay the appropriate fee for a disconnection to qualify for this service if the land is within 225 metres of a Council water pipe. The landowner would then be liable for a reconnection fee should a connected service again be required in the future.

Sewerage Charges

Sewer access charges are levied on all properties connected to, or able to be connected to, Council's sewer service network. Section 552(3) (a) of the LGA prescribes that Council can charge for a connected sewer service provided the land is within 75 metres of a sewer of Council.

An unconnected service is charged half the base charge of the connected service. A landowner must apply and pay the appropriate fee for a disconnection to qualify for this service if the land is within 75 metres of a Council sewer. The landowner would then be liable for a reconnection fee should a connected service again be required in the future.

Pedestal charges are levied on flats and commercial premises that add above normal loads to the sewer. Council has two charges being water closets and cisterns. These are set at 15% of the connected service charge.

Waste Management Charges

Section 496 of the LGA prescribes that Council must make and levy an annual charge for the provision of domestic waste management services. Section 501 of the LGA prescribes that Council can make an annual charge for waste management services other than domestic waste management.

Council has four types of waste charges being Commercial, Urban, Rural and Vacant Land. In 2007/08 Council implemented a recycling collection program for the townships of Narrabri, Boggabri and Wee Waa. A regular skip bin service is provided to Boggabri, Narrabri and Wee Waa on a cost recovery basis.

Interest

Section 566 of the LGA prescribes that interest accrues on rates and charges that remain unpaid after they become due and payable. The rate of interest is set by Council but must not exceed the rate specified for the current financial year by the Minister.

Rounding

All rates and annual charges are rounded to the nearest dollar.

Fees and Charges

Council must adhere to various legislative requirements in the setting of fees and charges. In some cases the fee or charge is prescribed by legislation and in others Council has the discretion to set the fee or charge.

Council supports the user pays principle in the assessing and levying of fees and charges, whilst recognising the need for supplementing income in particular circumstances.

Council reserves the right to charge for any additional services or facilities and to cater for legislative changes which are not identified in the fees and charges schedule.

Pricing Policy

Council is committed to providing a diverse range of services, which meet the needs of people who reside or visit the Council area, within available resources. The principles of competitive neutrality, which is part of National Competition Policy, have been taken into consideration in the pricing policy.

Council recognises the need to provide services for groups and members of the community that may not be able to afford a commercial rate for services. Council will ensure that all rates, charges and fees are set so as to provide adequate cash flows to meet operating costs and to assist in the provision of funding capital works. Council will pursue all cost effective opportunities in order to maximise its revenue base and to seek an acceptable commercial rate of return on investments, subject to community service obligations.

Council recognises the need to set prices for goods and services in order to provide the most effective level of service to the community and to ensure resources are not wasted.

Goods and Services Tax (GST)

GST is not applicable to rates or annual charges levied on a rates notice. Therefore annual water, sewerage and waste management charges included on a rates notice do not attract GST. GST is not applicable to water therefore no water usage accounts issued include GST.

In general, where legislation states that Local Government is the only possible supplier of a service, the fee for that service will not attract GST. Most other fees and charges do attract GST. All fees and charges are quoted including GST and if GST is applicable this is indicated in the fees and charges schedule.

2010/2011 ORDINARY AND SPECIAL RATES

	Base Rate	Ad Valorem Rate	Estimated Yield
Business			
Section 519 – Land may be categorised as Business for rating purposes should it not satisfy any of the conditions of any other rating category. The Business rate is sub-categorised into separate urban areas and a rural business sub-category.			
Business – Boggabri	\$260.00	\$0.008230	\$29,272
Business – Narrabri	\$300.00	\$0.020250	\$869,430
Business – Rural	\$300.00	\$0.010010	\$124,916
Business – Wee Waa	\$300.00	\$0.039563	\$156,696
			\$1,180,314

Farmland

Section 515 of the LGA prescribes that land is to be categorised as farmland if its dominant use is for farming. Farmland is sub categorised according to the irrigability of the land as per Section 529 of the LGA.

	Base Rate	Ad Valorem	Estimated Base Yield	Estimated Ad Val. Yield	Estimated Total Yield
Dryland+ Irrigation Area: 0% - 1%	\$260.00	\$0.00470000	\$402,480	\$3,039,537	\$3,442,017
Irrigable 1: Irrigation Area: 1% - 10%	\$300.00	\$0.0050000	\$4,200	\$334,600	\$338,800
Irrigable 2: Irrigation Area: 11% - 20%	\$300.00	\$0.0051000	\$5,400	\$79,473	\$84,873

Public Access Documents

The following documents, as described under Chapter 4 part 2 of the Local Government Act 1993, are free to be inspected at Council. Copies can be taken away at a cost of **\$0.30 per page (including GST)** to cover copying charges:

- Council's code of conduct
- Council's code of meeting practice
- Annual report
- Annual financial report
- Auditor's report
- Management plan
- EEO management plan
- Councillor payment of expenses policy
- Council's land register
- Register of investments
- Councillor interest returns
- Candidates campaign donations
- Agendas & business papers for council & committee meetings – excludes business papers for matters considered when part of a meeting is closed to the public
- Minutes of council and committee meetings – restricted to the resolutions and recommendations of the meeting in the case of any part of a meeting that is closed to the public
- Any codes referred to in the LGA
- Delegations register
- Annual reports of delegated bodies
- Local approvals and associated documents
- Development applications and associated documents
- Council approvals and orders policies
- Records of approvals granted

2010/2011 SCHEDULE OF FEES & CHARGES

Public Access Documents Cont.

- Records of building certificates- subject to exceptions
- Plans of land proposed to be compulsory acquired by Council
- Community land leases and licences
- Community land management plans
- Environmental planning instruments, development control plans and plans made under the EPA Act 1979 applying to land within Council's area
- Publication Guide, summary of affairs and register of policy documents required under the Government Information (Public Access) Act, 2009.
- Departmental representatives reports presented at a meeting of council
- Graffiti removal work register

Inspection Fees Caravan Parks, Camping Grounds & Manufactured Home Estates

1. An inspection fee of \$11.10 (F2) or \$9.30 (F3) per site may be charged for the purpose of determining an application for the initial approval to operate under section 68, F2 or &3 of the Act*. If more than one inspection is required due to non-compliance with the regulations at the initial inspection, a further fee of \$11.10 (F2) or \$9.30 (F3) for each site requiring a further inspection will be charged.*
2. An inspection fee of \$11.10 per site will be charged for the purpose of determining an application for renewal or continuation of an approval to operate a caravan park, camping ground or manufactured home estate or for the periodic inspection required as a condition of the approval to operate*. If more than one inspection is required due to non-compliance with the regulations at the initial inspection, a further fee of \$11.10 for each site requiring a further inspection will be charged*.
3. If a replacement approval is required in the name of a new proprietor a fee of \$120.00 will be charged.
4. A fee of \$90.50 will be charged for inspection and issuing a certificate of completion for a manufactured home together with any associated structures installed on the site. If more than one inspection is required due to non-compliance with the regulations at the initial inspection a further fee of \$90.50 will be charged.
5. A fee of \$120.00 will be charged for inspection and issuing a certificate of completion for any associated structure not included on the certificate of completion issued for a manufactured home installed on a site. If more than one inspection is required due to non-compliance with the regulations at the initial inspection a further fee of \$120.00 will be charged.

* A minimum fee of \$90.50 for each inspection or application applies regardless of the number of sites.

2010/2011 SCHEDULE OF FEES & CHARGES

Department: GENERAL MANAGER'S

Complying Development & Construction Certificates are determined by the following schedule

Development Value	Flat Fee	Plus % of Development Value
< \$5,000	85.00	0.55%
\$5,001 - \$100,000	112.50	0.38%
\$100,000 - \$250,000	550.00	0.22%
> \$250,000	950.00	0.11%

Fees are payable on submission of the building application. The value of the building is the contract price or if there is no contract price, the value of the building as determined by Council. Fees are determined by applying the flat fee above and adding the fee calculated in accordance with the percentage above.

Inspection fee includes, but not limited to, the following: Commencement, footings, reinforcement, frame, water-proofing and stormwater drainage.

100% of fees will apply in the following case:

- Inspection certificate fee where inspections are not carried out.
-

50% of fees will apply in the following cases:

- Construction certificate fee after lodgement, but prior to issue of certificate;
- DA fee after lodgement, but prior to issue of consent;
- On-site waste disposal/sewer prior to issue of consent.

Nil fees will apply in the following cases:

- Construction certificate fee after issue of certificate;
- DA fee after issue of consent;
- On-site waste disposal/sewer after issue of consent.
