

COMPETITIVE NEUTRALITY COMPLAINTS MANAGEMENT POLICY

Responsible Department: Infrastructure Delivery
Responsible Section: Infrastructure Delivery
Responsible Officer: Director Infrastructure Delivery

Objective

This document constitutes a formal mechanism established by Narrabri Shire Council for the handling and management of competitive neutrality complaints.

Introduction

In April 1995, the Council of Australian Governments (COAG) ratified the National Competition Policy.

One of the major components of the National Competition Policy is the principles contained in the *Competition Principles Agreement*.

The Competition Principles Agreement requires the creation of an effective regime to deal with complaints that Council business activities are not competing in the market against private businesses on a “level playing field” and are operating with competitive advantage.

This document has a threefold purpose.

- Firstly, it may be used by members of the public and the owners of businesses competing in the same market as Narrabri Shire Council to submit complaints to the Council alleging that the Council is operating with net competitive advantages as a result of the Council’s ownership of a business activity or service.
- Secondly, it will provide a formal mechanism for the investigation, determination and advice of the outcome of a complainant alleging that non regulatory service functions discharged or business activities operated by the Council are operating with competitive advantage over other private businesses.
- Thirdly, it will serve to ensure that Council staff continuously monitor non regulatory services provided by the Council operate under the principles of Competitive Neutrality.

Policy

THE COMPETITIVE NEUTRALITY PRINCIPLE

Competitive neutrality is one of the principles of National Competition Policy which is applied throughout Australia at all levels of Government, including Local Government. Competitive neutrality is based on the concept of a “level playing field” for competitors in a market, be they public or private sector competitors.

Government business organisations, whether they be Commonwealth, State or Local Government, should operate without net competitive advantages over businesses as a result of their public ownership.

Where Narrabri Shire Council competes in the market place with other private businesses, the Council will do so on the basis that it does not utilise its public position to gain an unfair advantage over private businesses who may be in competition with the Council.

What Is A Competitive Neutrality Complaint?

A complaint regarding competitive neutrality is determined as:

1. A complaint that Narrabri Shire Council has not met its requirements under the National Competition Policy Statement of Pricing and Costing for Council Businesses - a Guide to Competitive Neutrality and includes concern that the Council has not established an effective Competitive Neutrality Complaints Management System.
2. A complaint that Narrabri Shire Council has not abided by the spirit of competitive neutrality in the conduct of Council business activities.

A competitive neutrality complaint is **NOT** determined as:

1. A complaint regarding the level of service provided by a business activity such as water quality inadequate, a mobile garbage bin not collected or the condition of a road or footpath
2. A complaint regarding the cost of the service, unless it is that Council has not costed the service the service to take competitive neutrality into account
3. A complaint regarding the trade practices laws and their application to the Council
